### MILLINERY DEPARTMENT.

There seems to be little difficulty found this season in the matter of choosing a hat becoming, as well as harmonizing with almost any color of gown, from the lovely combinations of delicate shades with brighter tints, as well as the pliability of the "make up" of a hat, that it is almost impossible to go astray in the choice of one to suit any face or complexion. Among our imported hats left we give descriptions and quote prices of a few of our choicest models. They have benefited us to such an extent that we are content in disposing of them now at much less price than they cost us.

Special reduction made in other Fifth Avenue patterns as well. All we ask is an investigation of the advantages of buying from us. Hats that were 15.00 and 12.50, we will dispose of at 9.00 and..... **7.00**

Two Departments which are getting Special Mention this week are ones we are strongest in—DRESS GOODS and MILLINERY. In fact it is with a pardonable pride we point to them as ones that may be equaled but not excelled even in the Greater New York, the center of fashion of America. A careful perusal of other items in this ad. will also be found to be of interest and profit.
